

# Application for Summer Research Funding

All current students, in whatever year they are in, are eligible to apply to the Department for funding for summer research support or language study. We strongly urge all of you to apply for other funds available in the university and elsewhere. To reiterate, this is an application process and students are not guaranteed funding. Students in years 1- 4 may have their GSAS summer funding topped off by the department for a maximum of \$1,500, and students in years 5-8 may be eligible up to \$1,000. Applications for Summer 2021 are due by **FRIDAY, APRIL 9, 2021**.

Once the research is complete, a two-page report detailing research results and activities should be submitted to Marilyn Astwood [mp20@columbia.edu](mailto:mp20@columbia.edu) by **Friday, September 10, 2021**.
